This document provides information about joint and dual enrollment programs in the Atlanta area for high school juniors and seniors.
The following schools in the greater Atlanta area offer joint enrollment or dual enrollment programs for high school juniors and seniors. Please note that if you are interested in applying to Georgia Tech as an undergraduate student and would like to apply credits earned from the following programs to a Georgia Tech degree, the courses will need to be transferable. A list of transferable courses can be found at https://oscar.gatech.edu under the Transfer Equivalencies link.

| **Kennesaw State University** | Kennesaw State University offers a Joint Enrollment Honor Programs (JEHP) for academically-accelerated high school juniors and seniors to take college courses. Students will earn both high school and college credit while taking these courses. JEHP students may take up to 5 courses per semester, giving them the opportunity to complete a full college year of courses before graduating from high school. Courses are available through the JEHP in English, Math, Social Science, Foreign Languages, and Economics. Both regular and honors level courses are available. Tuition can be funded through the Accel Program of the HOPE scholarship.
