It is the applicant’s responsibility to ensure that all required elements of the application (Parts I, II, III, IV; SAT or ACT scores; and the nonrefundable $65 application fee) are submitted on time. All elements of the application must be submitted (postmarked) by November 1 to compete for the President’s Scholarship or by January 15 to guarantee consideration for admission to Georgia Tech.
**PART I**

**Georgia Institute of Technology 2011 Application for FRESHMAN Admission**

Clearly type or print with ink. A nonrefundable $65 application fee is required. If you have previously been enrolled at Georgia Tech, this is the incorrect application. You need to apply for “readmission” through the Registrar’s Office.

**INSTRUCTIONS FOR COMPLETING THE LEADERSHIP AND ACTIVITY RECORD**

Read through the form and determine the appropriate sections for listing your activities and accomplishments. List each item in only one section. Do not attach any additional sheets or résumés. Only information written on pages 5, 6, and 7 will be read.

**SCHOOL AND COMMUNITY ACTIVITIES, AWARDS, AND SPECIAL RECOGNITION**

1. List your top five activities in the order of their importance to you. *Exclude activities related to sports and employment.* DO NOT list in this section awards or honors resulting from strictly academic performance (e.g., honor roll, National Merit semifinalist, top GPA award), since academic performance is determined from the Self-Reported Academic Record and test scores.

2. List only one activity in each numbered section, explaining your personal accomplishments, leadership demonstrated, and positions held. Spell out names of organizations.

SPECIAL CIRCUMSTANCES

If you have experienced any special circumstances that may have affected your academic progress or opportunities to engage or excel in activities, please provide details to enable appropriate consideration.
Instructions

Georgia Tech is committed to building a community of students, faculty, and staff who demonstrate passion, creativity, and innovation. Our Admissions Committee asks that you write an essay not just to assess your writing skills but in hopes we’ll learn more about you as an individual. With that in mind, respond to ONE of the following prompts. Please stay on topic.

Select and respond to ONE of the following topics:

☐ (1) Please expand on an aspect(s) of your academic or extracurricular background that you feel is especially important to you and that will help us get to know you.

☐ (2) Georgia Tech is proud to draw students from around the United States and countries throughout the world. This unique compilation of academic interests, personal backgrounds, and various life experiences creates an exciting and inspiring educational mix. Given your personal background, what would you hope to learn and contribute through becoming part of this sort of campus community?
SELF-REPORTED ACADEMIC RECORD: INFORMATION AND INSTRUCTIONS

Please read all instructions carefully.

SELF-REPORTED ACADEMIC RECORD AND OFFICIAL HIGH SCHOOL TRANSCRIPT

Rather than requesting you to send an official high school transcript, Georgia Tech uses the Self-Reported Academic Record to make a preliminary review of your academic performance in high school and to offer provisional admission.

It is very important that you complete the Self-Reported Academic Record accurately and completely. To do so, refer to grade reports and transcripts from your high school. You must list all academic coursework and grades including your senior year courses (with grades, if available) and any repeated courses.

If admitted, you will ultimately need to send a final high school transcript to verify your course selection and grades. Please note: Any discrepancies may invalidate an offer of admission.

SCHOOL NAME

For each grade level, enter your school’s name and telephone number and check the appropriate boxes to identify the term system and grading system for that school. Next, enter the official course titles, honors status (if appropriate), and grades for every high school or college-level course completed during that school year or the summer prior to that school year.

CHANGING SCHOOLS

If you changed schools between semesters, list both schools on the line provided in the order in which you attended. If you changed schools in the middle of a semester, only list the school granting your final grade for that semester.

TERM SYSTEM

Under each grade level, check the box to indicate the term system used at your school. Then, list all grades earned during the terms indicated. If you only have final grades, you need to only list that grade in the third “Grades Earned” column.

GRADING SYSTEM

Under each grade level, check the appropriate box to indicate the grading system used at your school. If your school uses a grading system other than alphabetical (A-B-C-D-F), consult your high school’s suggested conversion to the letter-grade system and list the converted grades on the Self-Reported Academic Record. If your high school does not have a conversion scale, do not convert your grades. List your grades exactly as they appear on your transcript.

HIGH SCHOOL GRADING SCALE

Use your official high school transcript to complete the grading scale chart. List the numerical grade that corresponds with each letter grade, if available. This chart must be completed for each grade level.

OFFICIAL COURSE TITLES

Use only the official course titles as approved by your school and consistent with how it is listed on your transcript. If it is necessary to abbreviate, please use logical abbreviations.

HONORS STATUS

Indicate any honors courses you have completed or plan to complete in grades 9–12 by filling in the honors status box that follows the course title. If you list a college course title, also note the name of the college.

The Institute considers as honors courses only the following types of courses completed in grades 9–12. (List as honors courses only those courses specifically designated as such by your high school.)

AP
IB
Honors
Gifted
College
Magnet
Pre-AP
Pre-IB

CHANGES IN YOUR ACADEMIC RECORD

If your academic record changes after you submit your application, you must notify the Office of Undergraduate Admission.

Some students educated outside the United States and home schooled students from unaccredited schools are required to provide additional information and documentation to validate learning in core subjects. Visit www.admission.gatech.edu/homeschool or www.admission.gatech.edu/international.

Important: If we are unable to evaluate your academic record based on the information in the Self-Reported Academic Record, we may contact you or your school(s) for a copy of your transcript. Note that your transcript should not be sent at the time of application, unless otherwise required.
Instructions

International students and students who have studied outside of the United States, please review requirements for foreign credential evaluation, http://www.admission.gatech.edu/international/freshmanint/. If you require a foreign credential evaluation please do not complete this section. Before you complete this section, carefully read the instructions on page 9. Refer to your high school transcript and/or grade reports for official course titles. Do not abbreviate course titles. You must list all coursework and grades even if a course is repeated. If you are unsure which heading a course should be listed under, or you run out of room under a heading, include the course in the “Other” category. This section must be filled out completely for your application to be processed.

Did you take a course(s) prior to the 9th grade that will reflect on your high school transcript?

☐ Yes ☐ No

GRADE 7 and 8 CORE COURSEWORK: Enter course titles and grades for English, math, science, social science, and foreign language that are reflected on your high school transcript.
