

GUIDELINES FOR NON-DEGREE APPLICANTS

POLICY

If admitted, both Special and Transient students are classified as non-degree seeking and are not normally eligible to continue studies at Georgia Tech with the intent of obtaining a degree from the Institute. Admitted non-degree students are eligible for the approved semester only and admission does not imply or guarantee future enrollment at Georgia Tech. The registration period for admitted non-degree seeking students follows the registration of all degree-seeking students and begins the day before the start of the term.

- A **SPECIAL** student is one who is not currently enrolled/pursuing a degree at another institution and who desires to enroll at Georgia Tech for one or more terms to take certain advanced coursework for personal or professional growth. If admitted, the student may not be enrolled for the purpose of utilizing coursework to obtain a degree at Georgia Tech. A student who has already received a bachelor's degree from another institution may enroll as a Special student with no limitation on the number of hours that may be completed. **A student who has not yet completed a bachelor's degree elsewhere may only enroll as a Special student for a maximum of 12 semester hours.**
- A **TRANSIENT** student is one who desires to enroll at Georgia Tech in order to take certain applicable advanced coursework which will transfer back to the home institution. The student should be planning to return to the home institution to complete coursework for a degree. A transient student must have permission to take classes at Georgia Tech as authorized by the Registrar or other designated official of the institution in which the student is enrolled recommending the applicant as a transient student

Any student admitted in a non-degree status wishing to later pursue degree-seeking admission must apply and follow the requirements and guidelines for transfer admission at Georgia Tech, as outlined at www.transfer.gatech.edu. There must be a one-term gap between enrollment in a non-degree status and an application for degree-seeking admission.

International students (those who are neither US Citizens nor US Permanent Resident Card holders) are allowed to apply for non-degree seeking status **ONLY** if they are participants in an approved study abroad/foreign exchange program via the Georgia Tech Office of International Education. Proof of US Permanent Resident status is required at the time of application.

COURSE RESTRICTIONS

All prospective courses must be approved by the individual departments before applying with the approval being shown on the Departmental Review section of this form (Part I). *Departmental approval does not guarantee admission.* Any requested course is subject to availability and Special/Transient students are given last priority for registration. Registration for any course not approved by proper Georgia Tech officials is strictly prohibited. *Enrollment in unauthorized courses will result in automatic course withdrawal by the Institute.*
